Aligning my nursing and instructional design expertise to create engaging and effective learning experiences for healthcare professionals and improve patient and learning outcomes.

WORK EXPERIENCE

North Memorial Health - Robbinsdale, MN

Nurse Educator

2019 - Present

- Designed and implemented comprehensive educational programs for nursing staff, including orientation for new hires, continuing education courses, regulatory requirements, professional development, and hands-on training sessions.
- Collaborated with interdisciplinary teams to ensure the delivery of evidence-based patient care and improvement of overall patient outcomes.
- Created and developed interactive e-learning course using instructional design principles and adult learning theories to enhance the effectiveness of online learning for nursing staff.

MHealth - Minneapolis, MN

Perianesthesia RN, MHealth Clinics and Surgery Center

2016 - 2019

- Prepared patients for surgery, ensuring readiness and reducing preoperative anxiety.
- Monitored patients under local procedures and moderate sedation, ensuring safety and comfort.
- Provided comprehensive care in the PACU, supporting patient recovery.
- Educated patients and families on postoperative care, facilitating safe and informed discharges.
- Served as a Charge Nurse across all areas, coordinating staff assignments, managing patient flow, and ensuring high-quality care and efficiency.
- Developed and implemented a collaborative program with the CSC and Hilton Hotels, enabling supervised overnight stays for total joint replacement patients.

Perianesthesia RN, Fairview East Bank

2015 - 2016

- Prepared surgical patients, ensuring their safety and addressing concerns, with a particular focus on complex cases.
- Provided diligent care in the PACU, focusing on patient stabilization for transition to inpatient units or Phase II recovery.
- Facilitated patient transitions to Phase II recovery, educating patients and their caregivers on postoperative care and discharge instructions, ensuring safe and informed transitions home.

Intermediate Care RN, Fairview East Bank

2013 - 2015

- Managed care for patients with various complex conditions, including post-transplant kidney recipients, end-stage liver failure patients, and individuals on chronic ventilation.
- Monitored and evaluated patient progress, adjusting care plans as necessary to ensure optimal patient outcomes.
- Collaborated with a multidisciplinary team to coordinate comprehensive care, ensuring patient stability and preparation for transition to less acute care settings or discharge.
- Utilized advanced nursing skills and knowledge to support patient recovery, address complications,

and educate patients and families on post-hospital care.

North Memorial Health - Robbinsdale, MN

Medical/Surgical Float Pool RN

2012 - 2013

- Provided high-quality nursing care across all medical/surgical units, demonstrating flexibility and adaptability to varying healthcare settings.
- Managed care for a wide array of patient populations, adapting to the unique needs and protocols of each specialized unit.
- Quickly acclimated to new environments and patient care protocols, maintaining a consistent standard of care across diverse units.

Orthopedic Medical/Surgical RN

2011 - 2012

- Provided comprehensive nursing care for patients undergoing orthopedic surgeries, including total joint replacements, adhering to best practices and recovery pathways.
- Participated in the care of general medical/surgical patients, managing a variety of acute conditions and postoperative recovery needs.

North Ridge Care Center - New Hope, MN

Transitional Care Unit RN

2010 - 2011

- Managed comprehensive care for a wing of 25 patients, focusing on pain management, medication administration, and support for intensive therapy, aiming for successful home transitions.
- Coordinated and monitored individualized patient care plans, ensuring effective recovery processes and goal achievement in a transitional care setting.
- Oversaw nursing care across four wings as Charge Nurse, demonstrating strong leadership and effective management of diverse patient needs.
- Managed emergent patient situations, responding swiftly and coordinating with healthcare teams to deliver critical interventions.
- Played a pivotal role in maintaining high standards of care, overseeing staff performance, and ensuring compliance with healthcare regulations.
- Promoted to Care Coordinator RN, taking an active role in care conferences to discuss patients' progress, address concerns, and adjust care plans as necessary.
- Served as a key liaison between patients, families, and healthcare teams, ensuring clear communication and continuity of care.

Long-Term Care LPN and RN

2008 - 2010

- Managed and provided comprehensive nursing care for a wing of 25-30 patients, demonstrating strong organizational and clinical skills.
- Administered medications and treatments accurately and efficiently, ensuring optimal patient outcomes.
- Maintained strict adherence to regulatory compliance, upholding high standards of nursing practice and patient safety.

EDUCATION

Walden University

2021 - 2023

Master of Science in Instructional Design and
Technology - GPA 4.0

University of Wisconsin - Eau Claire
Bachelor of Science in Nursing - GPA 3.5

2005 - 2010

SKILLS

ADDIE	Canva	Microlearning
Articulate Application Suite	Chameleon IO	Professional development
Azure	Curriculum building	Project management
